

Behaviour Management Policy

This policy addresses issues in relation to:
Safe and Supportive Environment – Student Welfare 3.6.2
Discipline – 3.7.1

(See also Policies on School Welfare, Anti Bullying and Uniform)

Al-Faisal College aims to provide programs that develop self-discipline, self-review, effective communication and conflict resolution skills in students. While the development of independent learners is the ultimate aim, this needs to be supported by a whole school behaviour management policy which has clear guidelines, well defined expectations, consequences and support structures to acknowledge appropriate behaviour and address inappropriate and unacceptable behaviour. Whenever possible, staff should use praise to encourage students' self-discipline, the development of self-esteem, positive relationships and problem-solving skills.

Acceptable and commendable behaviour is likely to be characterised by values such as:

- Honesty
- Respect of self and others
- Ownership and responsibility
- Pride in Achievement
- Resilience
- Commitment to Safety
- Tolerance of all members of the school community
- Modesty in appearance and behaviour
- Courtesy, politeness and sincerity in dealing with peers and others
- Trust
- Cleanliness and neatness
- Hospitality, sharing and generosity of spirit
- Effort, industriousness and achievement

Students demonstrating such values and behaviour should be encouraged and rewarded.

Purpose

- To promote high standards of behaviour
- To encourage appropriate behaviour
- To establish routine and appropriate work habits
- To provide strategies for rewarding good behaviour and to celebrate achievement
- To provide strategies for dealing with unacceptable behaviour

1. Positive Behavioural Interventions and Support (PBIS): A Whole School Approach

Al-Faisal College is a Positive Behavioural Interventions and Support (PBIS) school. Our PBIS program is a school wide, proactive framework for establishing and maintaining a welcoming, safe, well managed and successful learning environment for all students.

At Al-Faisal College, we value each member of our community. We aim to promote a positive attitude in our students, creating an environment in which good behaviour is expected within a climate of security and trust. Emphasis is placed on the prevention of problem behaviour through the development of social skills and the use of data based problem solving for addressing existing behavioural concerns.

Effective discipline involves educating our children about making the right choices and taking responsibility for their actions. By implementing the PBIS model we are seeking to increase the capacity of our school to reach educate all students using research-based school wide, classroom, and individualised interventions.

At its core PBIS is a prevention model. A set of universal expectations for behaviour, positively stated have been established for all students in all locations of the school. These are organised and described within five key values:

- **Respect**
- **Ownership**
- **Achievement**
- **Resilience**
- **Safety**

Interventions and strategies have been implemented to teach and reinforce our expectations. These include:

- Weekly direct instruction of specific positive student behaviours that demonstrate Respect, Ownership, Achievement, Resilience and Safety in all locations within the school.
- A wide range of posters that communicate the student expectations for classroom and non-classroom settings are prominently displayed.
- Positive teacher reinforcement to students demonstrating commendable behaviour, especially the specific expectations identified and taught in classroom settings.
- Reward tokens issued by all teachers to students demonstrating positive behaviours
- Prevention of problems by modifying situations that are associated with problem behaviour.
- Predictable consequences for misbehaviour that are delivered consistently by all staff in a predictable manner.
- PBIS activities are embedded into existing school practices such as professional development, staff meetings, parent newsletters, student diaries and welfare practices.
- Collecting and using behavioural data such as office discipline referrals linked to the school data base. This data is analysed and used to design and implement additional behaviour supports.

The PBIS program at A-Faisal College has been designed and tailored to the specific needs and expectations of our school community by the school based PBIS committee. Included on the committee are representatives across all Al-Faisal College schools that include school executives, the welfare team, teachers and IT specialists. The committee also oversees the implementation and ongoing administration of the program.

The committee together with teachers determined how each of the core values would look like, feel like and sound like in all locations within the school. The findings were subsequently collated in the Al-Faisal College, PBIS expectations "Matrix".

As well as establishing a set of common behavioural expectations for all areas of the school, the Matrix guides the development of lesson plans for teaching the ROARS values. All students in Years K-10 receive direct instruction on behavioural expectations through focused weekly lessons.

2. Disciplinary Action

Al-Faisal College aims to provide and maintain a positive, safe and secure environment, in which all students feel valued, supported and have the opportunity to reach their full potential.

We have adopted policies relating to discipline of students based on the principles of procedural fairness. It is the responsibility of the College to determine incidents that require disciplinary action and the nature of penalties that may result from an unbiased decision process.

Procedural fairness is a basic right of all when dealing with authorities and includes making available to students and parents the policies and procedures under which disciplinary action such as suspension, probation or expulsion is taken. Students will always have the right of appeal as outlined in this policy.

The school prohibits the use of corporal punishment in disciplining students attending the school.

2.1 - Procedures

1. Students are required to abide by the "School's Expectations" and to follow the directions of teachers and other people with authority delegated by the Head of College.
2. Where a student disregards rules, disobeys instructions or otherwise engages in conduct which causes or may cause harm, inconvenience or embarrassment to the school or himself/herself, staff members or other students, the students may be subject to disciplinary action.
3. The penalties imposed vary according to the behaviour and the prior record of the student. At the lower end of the scale, an admonition or detention may be appropriate. At the upper end of the scale, the behaviour could result in suspension, probation or expulsion.
4. Students will be counselled by teachers, coordinators, the welfare team or members of the executive prior to any disciplinary action taken. Counselling will include the nature of the behaviour and the alternative behaviours to be followed in future.
5. The school does not explicitly or implicitly sanction the administering of corporal punishment by non-school persons, including parents, to enforce discipline at the school.
6. The disciplinary procedures undertaken by the school vary according to the seriousness of the alleged offence, including:
 - admonition
 - lunch detention
 - after school detention
 - suspension
 - probation
 - Referral to school counsellor
 - expulsion
7. **Procedural Fairness:** The college will implement Procedural fairness when investigating allegations in accordance to the 'hearing rule' and the right of the student to have 'an unbiased decision'. Where the offending behaviour is of such a nature that it may result in probation / suspension or expulsion, the student will be:
 - informed of the alleged infringement and any other information that will be taken into consideration in reaching a decision

- informed as to who will make the decision on the penalty
- informed of the procedures to be followed which will include an opportunity to respond to the allegations
- afforded a right of appeal

In all such cases, the school will endeavour to act impartially and without bias in reaching an “unbiased decision”.

8. Students will be given an opportunity to be heard / respond to the allegations and if required appeal the decision.

The full text of the College’s discipline and behaviour management policies and associated procedures is provided to all members of the College community through:

- New staff induction workshops
- College’s webpage
- Updates during staff meetings and pupil free days.

Selected parts of policies will be included in the student diary and discussed in parent and caregiver information evenings.

3. Behaviour Management Procedures K-12

Procedural Fairness, “hearing rule” and the “right to an unbiased decision” will be applied throughout all investigations and decisions made regarding incidents/allegations.

(Students are not to be sent out of the room except in emergencies. In such cases they are to be accompanied by another student and directed to a coordinator).
4. **Diary Entry:** can be made by the teacher where the student continues to misbehave.

13. **Check in/Checkout: Individual Behavioural Support Plan (IBSP): PBIS Tier 2 support:** Students displaying persistent misbehavior may be placed on Check in / Check out IBSP. An IBSP will be used to assist student to take responsibilities for their own behavior/actions and to teach them how to make appropriate choices and decisions. Student will check in with facilitator each morning to review goals and expectations, at the end of each day students will return to facilitator to review progress in the day and check out. A behavior contract may need to be drawn up in which the student will need to sign. Parents will be informed about the IBSP or check in/checkout.

- Following expulsion, students will be excluded occurs when a student is prevented from enrolling in any Al-Faisal College school on the authority of the Executive Principal or delegate. Expulsion or exclusion of a student may occur when any of the student's conduct listed above is persistent or is otherwise incompatible with the student's ongoing enrolment. Normally a period or periods of suspension occurs as a means of dealing with unacceptable behaviours, before deciding to expel a student. However, on some occasions, the students' misconduct may be considered so serious that the Executive Principal may decide to expel and possibly exclude the student in circumstances where there has been no prior suspension.

If a student commits a particularly serious offence, he/she can be suspended or expelled from school immediately at the discretion of the Executive Principal or the Executive Principal's delegate without going through the above process.
